I Alsuwaid hereby consent that I came to Orchid Medical Center/ Sharjah to remove unwanted hair by laser. I understand that laser produces a beam of light that generates an energy of a certain wavelength which is absorbed in the pigments of hair follicles to impair its' ability to grow hair. I understand that the results of the treatment varies from one person to another by the variation of medical history and the skin type, hair type, patient's commitment to precautions before and after sessions and the variation of individual responses to treatment. and I consent that I know all the alternative hair removal methods and I choose removing my unwanted air by laser.

I consent that I got the following precautions:

- It's not allowed to get tanned or use tanning solutions for 4-6 weeks before and after treatment.
- Waxing and Plucking must be avoided at least 6 weeks prior to sessions.
- Tattoos and permanent make up on treatment site will be affected by laser.
- Full Medical History must be given including previous treatments, allergies and skin type.
- people who took akutan during the last 6 months or any drugs that inhibits patients from sun exposure can not remove their hair by laser.
- I understand that I might see some change from first session, nevertheless the treatment will take many sessions to get the result.
- Side Effect
- side effects may include burning like redness. and it's possible to see some swelling or cracks, these side effects will fade away few hours to few days after treatment. hypo/hyperpigmentation is not common and it rarely last, it's advisable to avoid sun exposure. and to use sun protections.
- I consent that I had the chance to enquire and ask any questions I have to the therapist and I have read and understood the content of this form (or it was read to me) and I am more than 18 years old or I have the approval of my sponsor.
